enable the paper industry in general to improve capacity utilisation and its financial viability. Among them, the following reliefs and concessions are expected to directly benefit the small paper mills to a large extent:—

(i) Import of pulp and waste paper have been placed on OGL. Import of pulp is allowed free of customs levies.

(ii) Manufacture of writing, printing and kraft paper containing not less than 75 per cent by weight of pulp made from bagasse is exempted from payment of excise duty.

(iii) Paper and paperboard manufactured by small paper mills out of pulp containing not less than 50 per cent by weight made from materials other than bamboo, hard wood, soft woods, reeds of rags are charged excise duty at concessional rates.

(iv) The facility of payment of excise duty on incremental basis for successive slabs has been extended to small paper mills from 1.4.1986.

(v) Flexibility allowed to the industry to manufacture all varieties of paper and paper grade pulp including paper board/straw board within the overall licensed capacity.

(vi) Requirement of Industrial Licence has been dispensed with in the case of manufacture of writing. printing and wrapping paper from agricultural residues, wastes and bagasse.
